Re: **Work on West Aquarius Oil Rig – Bull Arm Fabrication Site**

---

It has come to our attention that another union has signed a “wall to wall” agreement for work on the West Aquarius Oil Rig at the Bull Arm Fabrication site, significantly reducing or eliminating overtime provisions, travel, LOA and other premiums currently enjoyed under collective bargaining.

I ask for the memberships cooperation in supporting our jurisdiction and not to partake in any OE jurisdictional work being performed by another union/non-union on site as it is in direct conflict with the IUOE Constitution.

Terrence Hickey
