Memo To: Local 904 Members

Date: July 8, 2020

Re: **SIDE BOOM OPERATORS REQUIRED FOR
LOCAL 155 – BRITISH COLUMBIA**

With the volume of work upcoming in Western Canada, the International Union of Operating Engineers is reaching out to all Locals to inquire about members who have experience running side booms who would accept work in British Columbia.

The start dates would be August 2020 and all projects are camp jobs. Travel is paid out at \$0.65/km from your home address to Northern BC.

They are specifically looking for members who have experience handling NPS 48 heavy wall pipe.

If you have the required experience and are interested in applying for these side boom positions, please forward your resume to:

Patrick Campbell
Canadian Pipeline Director
International Union of Operating Engineers
