Brothers and Sisters of Local 904,

As I'm sure you are all aware, Trades NL, on behalf of the 16 Building Trade's Unions, are actively advocating for NL First – Our Resources, Our Benefits. It is their belief, as well as ours, that Newfoundlanders and Labradorians should receive first consideration for employment on projects in the province of Newfoundland and Labrador.

Time to help CREATE a better future!

It's highly important that you take the time to visit the link below, read the information and then at the bottom of the page, show your support by signing and submitting the letter to be shared with Provincial Government Officials.

Let's make sure Government understands we're fighting for our future AND what's rightfully ours!

Thank you in advance for your support.

Fraternally yours,

Terrence Hickey
